

INVEST IN WOMEN. BUILD BRIGHTER FUTURES.

ABOUT WOMEN BUILD 2026

For far too many North Texas families, rising costs, limited availability, and systemic barriers put safe, affordable homeownership out of reach. These challenges disproportionately affect women – especially single mothers – who often face higher childcare costs, lower wages, and limited access to financial resources.

Women Build Dallas equips women with the tools, resources, and pathways needed to achieve homeownership. Through financial education, practical and affordable mortgage options, and safe, quality-built homes, Women Build empowers women led households to build stability, generate wealth, and shape stronger futures for their families and communities.

WHY WOMEN EMPOWERMENT MATTERS

Support for women's homeownership creates impact that extends across generations.

When women achieve homeownership, the impact is transformational. Women's homeownership creates lasting stability for families and strengthens entire communities. By building equity, women gain financial independence, create generational wealth, and provide more secure futures for their children.

Women homeowners contribute to stronger, more engaged, and more resilient neighborhoods. Research shows that children of women homeowners experience better health, higher academic achievement, and greater long-term opportunity.

OUR FY25 IMPACT

62%

of all mortgage-ready clients are single female heads of households.

99%

of all personalized HUD counseling and group education female participants are women of color.

75%

of all home purchases are made by single female heads of households.

1,445

volunteer hours contributed to support women's empowerment.

Help women access safe, affordable homes. Make your gift today.

WOMEN BUILD HOMEOWNERS

The Harris Family

2025 Women Build Homeowner

"Owning a home is about showing my daughter what is possible and that she has the strength and independence to create a life of her own. It gives us the freedom to live well, travel, and pursue future goals like graduate school. Most of all, it brings a sense of stability and affordability we can count on." - Ms. Harris

The Rebollar Family

2024 Women Build Homeowner

"Every time I step into Habitat I am made to feel important by everybody there. Everyone here is love. Habitat loves to help people."
- Martha Rebollar

Sara Tucker

2023 Women Build Homeowner

"Clear, step-by-step guidance made all the difference. Habitat explains everything a first-time homebuyer needs to know."
- Sara Tucker

The Perry Family

2022 Women Build Homeowner

"Dallas Habitat made owning a home possible when I thought I would never become part of the American dream."
- Vernice Perry
